# TENBY PRE-UNIVERSITY

Welcome to Tenby Pre-University.

We are pleased to equip you with all the information you need to decide on your next part of your education journey. Based in Tenby Schools Setia Eco Park, our Pre-University students will be able to learn in a 20-acre green campus that will provide you with the best learning opportunities.

At Tenby Pre-University, we offer two pre-university programmes, namely the A Levels & NCUK International Foundation Year programme. Both programmes are a springboard for you—whether from International or National Curriculum, to embark on further studies in your field of choice at university level.

Our dedicated Pre-University Centre provides students with a superior learning environment that provides personal attention while encouraging independent, mature decision making. With smaller class sizes, you will be able to get personal guidance and support that you need to fulfill your true potential.

We take pride in placing our students in their university of choice and we're proud that 100% of our students are successful in their university application.

We look forward to having you with us, and provide you with the Amazing Learning experience that is at the heart of our learning.

# International Schools Partnership

Tenby Schools is extremely pleased to be part of International Schools Partnership (ISP), a dynamic network of 50 schools in 13 different countries committed to an organisational learning culture of 'getting better'.

45,000  
Student

7,000  
Staff

Curricula

## GLOBAL NETWORK

There are many advantages of being part of a truly international school group. With ISP, we enjoy easy access to a global network of passionate educators and child education experts. This enables us to absorb the best ideas from around the world and implement them for the direct benefit of our students.

## THE ISP DIFFERENCE

ISP is focused on getting the learning culture right in all its schools, and regularly provides expertise to develop better learning opportunities for students. For us, this involves regular evaluations of our schools' and students' learning environment – and their academic performance – in order to see how we can continually get better. This provides us with a rich bank of quantitative and qualitative evidence that we can use to guide and develop our continual improvement programme.

All of this helps us to help our students get better and learn to levels that amaze them.

## INTERNATIONAL OPPORTUNITIES

As part of ISP, we are able to provide our students with opportunities for memorable international and cultural learning experiences across our global network. These special learning and exchange programmes enable students to develop their language and communication skills, share good practices, and create long-term friendships across the world, all in a safe and secure environment.

There are numerous programmes that students can enjoy. Some of the programme includes:

ISP BUDDY  
EXCHANGE  
PROGRAMME

ISP  
INTERNATIONAL  
SUMMER CAMP

ISP CHESS  
TOURNAMENT

ISP MODEL  
UNITED  
NATIONS

ISP  
FUTURE

ISP  
SCIENTIST

ISP FILM  
FESTIVAL

ISP MATHS  
CHALLENGE

## ISP Future Pathways

University is a time of change and growth for students; a crucial yet exciting stage in their evolution where they must put critical thinking into action and develop the skills necessary to thrive in the working world.

100% of our Pre-University students were successful in their university application. This is possible with our University & Career Guidance – ISP Future Pathways, which provides the essential framework to prepare each student regardless of what the future may be from as young as 5 years old! Students will have a chance to explore their skills and potential to match these opportunities for the next stage of a student's education and career.

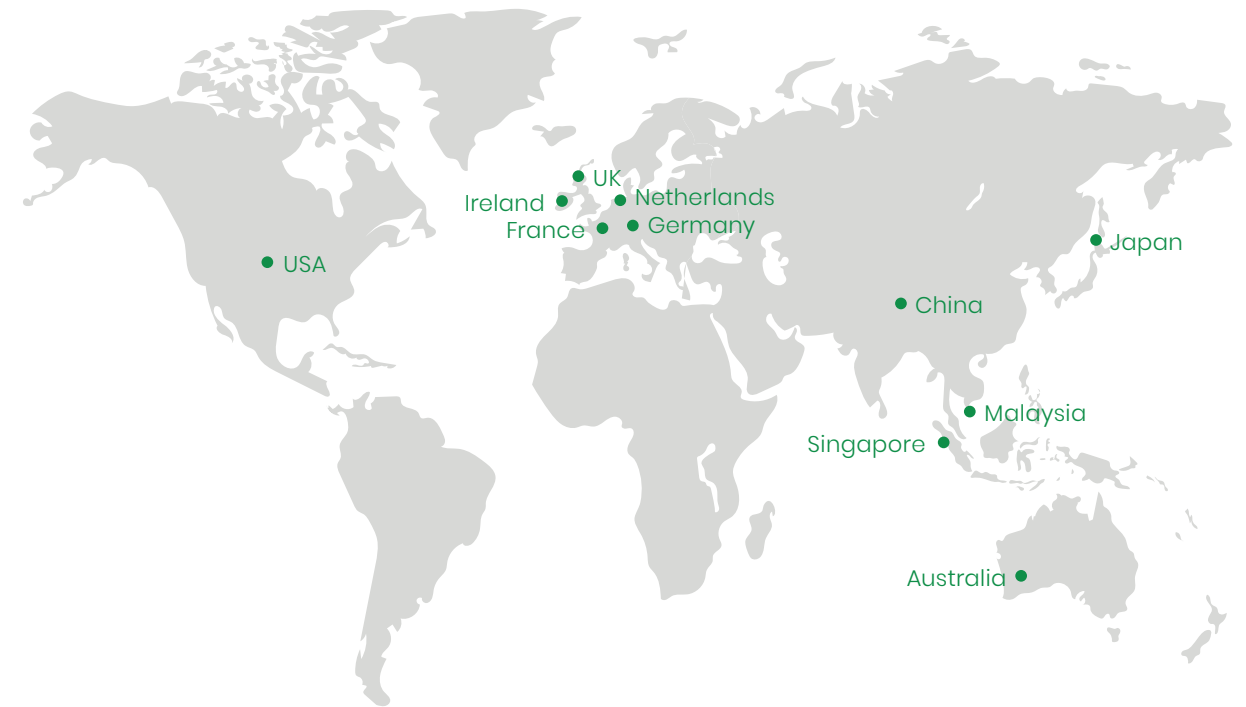

Some of the benefits of ISP Future Pathways are:

- Personalised support from our highly experienced counsellors and from Unifrog, a university and career guidance software.
- Be inspired by successful alumni through talks and sharing session.
- Access to keynote speakers from a variety of industries worldwide.
- Develop life competencies and career management skills through development opportunities with our partner organisations and communities.

## University Destination

From Tenby Schools to the world, there is no limit to where a quality education and an ambitious outlook can lead you. Below is a sample of the countries and cities that Tenby Schools alumni have studied in.

### USA

- Cedarville University
- University of Minnesota

### IRELAND

- Royal College of Surgeons Ireland

### UNITED KINGDOM

- Aberystwyth University
- University of Bath
- Bangor University
- University of Birmingham
- University of Bristol
- Coventry University
- Durham University
- The University of Edinburgh
- University of Essex
- University of Glasgow
- Imperial College London
- University of Kent
- Loughborough University
- University of Warwick
- Leeds Art University

- University of Lincoln
- University of Liverpool
- University of Nottingham
- University of Plymouth
- University of Reading
- Queen Mary University London
- The University of Sheffield
- The University of Manchester

### FRANCE

- University of Creapole

### NETHERLANDS

- The University of Amsterdam

Other accepting universities in Malaysia are:

- |   |   |
|---|---|
| a. Monash University                                  | f. INTI International University                |
| b. Heriot Watt University                             | g. Sunway University                            |
| c. UCSI University                                    | h. University Tunku Abdul Rahman                |
| d. Asia Pacific University of Technology & Innovation | i. The University of Nottingham and many more.. |
| e. Tunku Abdul Rahman University College              |   |

## Student Leadership

It is important for a student's holistic development to experience leadership opportunities during their senior years in school.

At Tenby Pre-University, we encourage our students to learn the art of building relationships, communicating effectively, and working in teams in order to achieve a goal. Leadership is about stepping up a notch to learn the art of influencing and directing people – a skill that lasts a lifetime.

During Pre-University, either in A Levels or NCUK IFY, students are encouraged to develop and demonstrate their leadership capabilities, and student leaders are given the opportunity to make an impact on the wider school community. Among the leadership positions that students will be involved in are :

- |                            |                                   |
|----------------------------|-----------------------------------|
| • Head Students            | • STEAM                           |
| • Student Welfare          | • Eco Initiatives                 |
| • Sports                   | • Global Values and Future Skills |
| • International Mindedness | • Service and Charity             |

## Pre-University Centre

One of the factors that makes our students successful for them being independent. This is fully supported through a dedicated Pre-University Centre, which students can fully use at any time of the schooling day.

Our Pre-University Centre consists of a social area, where they can relax and mingle with their friends. It also has a study room and two collaboration rooms, which further supports the students learning development.

# Pre-University Options

## A LEVELS

The A Level programme consists of 2 years of study (Year 12 & Year 13) and is a springboard for students – whether originally from Tenby International School, Sekolah Sri Tenby, or any school outside the Tenby Schools family. With the internationally recognised A Level and AS Level programme from Cambridge International Examinations, we are proud that 100% of our students were successful in their university application.

The success of our A level programme is due to a superior learning environment that provides personal attention while encouraging independent, mature decision making. From Day One, students are guided towards a personalised and manageable curriculum that reflects their interests and ambitions. Teachers are on hand to guide and mentor them in their choices and their studies, but the onus is placed on students themselves to take ownership of their development.

### Why Study A Levels @ Tenby Schools Setia Eco Park

- Outstanding Success Rate
- Safe family atmosphere
- High Standards of Teaching & Learning without restrictive subjects streams
- Small, focused seminar style group sizes
- Amazing leadership opportunities
- Dedicated Support
- Experienced university application support

**Duration of Study : 2 years**

- Further Mathematics
- Geography
- History
- International Project Qualification
- Mathematics
- Physical Education
- Physics
- Psychology

NCUK INTERNATIONAL FOUNDATION YEAR

The NCUK International Foundation Year is a 9 month fast-track programme foundation pathway in Science & Engineering. This programme will allow students to enter and complete universities ahead of their peers.

Our proven academic track record allows students to use predicted grades for SPM or IGCSE in order to get entry into the programme without the need to wait for actual academic results. Students will have access to NCUK Guaranteed & Accepting Universities once they have completed the programme.

The programme is delivered by our qualified teachers, which means each student will receive the best possible preparation for their degree and future career.

Why Study NCUK IFY @ Tenby Schools Setia Eco Park

- Guaranteed University Placement
- Fast-Track Programme
- Outstanding Results
- Globally Recognised
- Value for Money
- Career Information & Advice

Duration Of Study : 9 months  
Intakes : April & September

Subjects Offered

Foundation In Engineering

Core Modules

- Physics
- Mathematics
- English

Plus One Of The Following

- Further Mathematics
- Chemistry

Foundation In Science

Core Modules

- Biology
- Chemistry
- English

Plus One Of The Following

- Mathematics
- Physics

The background is a solid green color. There are three white, wavy, organic lines that flow across the page. One line starts at the top left, curves down and to the right, then loops back up and to the left. Another line starts at the bottom left, curves up and to the right, then loops back down and to the left. A third line starts at the bottom right, curves up and to the left, then loops back down and to the right. These lines create a sense of movement and flow.

AMAZING LEARNING.  
GLOBAL SUCCESS.
