

ISP Model United Nations

Learning Area
Debate & International Relations

Age Range
13 - 18

Dates
November 2021

Participants
10 per school

Format
Online

The ISP Model United Nations (ISP MUN) amplifies the voice of tomorrow's leaders by placing students in the shoes of a UN diplomat.

ISP students from around the world come together to experience an educational simulation of a real UN Conference. The student delegates debate international issues in line with the Charter of the United Nations.

Thanks to our partnership with IMUNA, delegates receive training from experts in a range of skills including diplomacy, research, public speaking, critical thinking, teamwork and leadership. Participant students also get the opportunity to interact with UN staff, NGO leaders and top university researchers.

This year the conference will take place virtually due to travel restrictions. We hope to host the 2022-23 ISP MUN in one of our schools as we did in 2019.

The ISP Virtual MUN teaches you about life, maybe today it is a simulator, but tomorrow it might allow us to be a step closer to a healthier world.

Paula, student at Liceo Panamericano Samborondón (Ecuador)
