A. PURPOSE

The purpose of this policy is to set out the approach to student behaviour and exclusions and to develop practices and policies that promote good behaviour of all students attending Tenby International School Setia Ecohill (TISSEH). This policy also sets the overall approach for dealing with issues such as drugs, bullying, screening and searching of students and the use of reasonable force by relevant staff.

B. SCOPE

This policy is **mandatory** for TISSEH

C. KEY POLICY PRINCIPLES

- The School will promote and teach good behaviour, self-discipline and respect.
- The School will have effective reward and sanction structures in place.
- The School will treat students fairly, with dignity and respect.
- Effective procedures for fixed-term and permanent exclusion will be included as potential sanctions when dealing with students who have committed serious and/or repeated misconduct.
- Sanctions for poor behaviour shall include breaches of the Anti-Bullying and Acceptable Use policies (and associated policy documents).
- Effective procedures for dealing with malicious accusations against staff and appropriate sanctions will be put in place.
- Appropriate support will be provided for students who breach the behaviour policy in a way which gives staff reason to believe there may be an underlying safeguarding reason. In such cases, the matter will be referred to the DSL at the School, in line the School's Safeguarding Policy and procedures.
- Where behavioural issues relate to bullying (including cyber-bullying), regard shall be had to the Anti-Bullying Policy.
- The School will set out restrictions on the use of social media, in line with the Student ICT Acceptable Use Policy and behavioural sanctions will include breaches of that policy.
- Schools will set a zero-tolerance policy standard on the use or handling of drugs in respect of all School and School related activities whether on or off site.

- To the extent that this accords with the applicable laws and regulations of Malaysia, to provide for the power of relevant staff to use reasonable force or make other physical contact in order to prevent students from committing an offence, injuring themselves or others, to prevent damage to property and to maintain discipline.
- To provide, in accordance with all applicable laws and regulations, for relevant staff to have the right in certain circumstances to search students and to confiscate any prohibited item found as a result of a search. Where this is provided for clear procedures should be set out to manage the risks to relevant staff and students.
- Policies will take account of whether it is appropriate to extend the scope of the behaviour policy to activities outside the school day and off school premises in certain specified circumstances.

D. CROSS REFERRED POLICIES

This Policy should be read alongside the following:

- Anti-Bullying Policy
- Crisis Management and Business Continuity Policy
- Student ICT Acceptable Use Policy
- Safeguarding and Student Protection Policy
- SEND Policy
- Class Dojo Policy

E. AIMS AND OBJECTIVES

1. It is a primary aim of TISSEH that every member of the school community feels valued and that each person is treated fairly and with respect. We are a caring community, whose values are built on mutual trust and respect for all. The school's behaviour policy is therefore designed to support the way in which all members of the school can live and work together in a supportive way. It aims to promote an environment in which everyone feels happy, safe and secure
2. Our behaviour policy is not primarily concerned with rule enforcement. It is a means of promoting good relationships, so that people can work together with the common purpose of helping everyone to learn in an international context. This policy supports the school community in aiming to allow everyone to work together in an effective and considerate way.

3. The school expects every member of the school community to behave in a considerate way towards others.
4. Treat everyone with care and respect. We look after one another, embrace similarities and differences and promote the well-being of each other.
5. At TISSEH we aim to provide a safe environment where students feel confident to talk about their concerns and where students feel confident to take risks in their learning.

F. EXPECTATIONS

1. All members of staff are entitled to expect appropriate behaviour from students. They have the right to encourage positive social behaviour and are entitled to expect the support of the Head of School, Head of Department and/or Key Stage Coordinator. They are entitled to expect the support of parents in their efforts.
2. TISSEH expects students to listen carefully to instructions in lessons.
3. TISSEH expects students to try their best in all activities.
4. The safety of the students is paramount in all situations. If a student's behaviour endangers the safety of others, the member of staff will stop the activity and prevent the student from taking part for the rest of that session.

G. SCHOOL CODE OF CONDUCT

1. To help meet parents', student's and teachers' expectations, there are rules which we believe are perfectly reasonable and should have the support of all parents. This is the **Code of Conduct** (found in school handbooks), and they have been drawn up following discussion with students in class and through consultation with the School Council.

Based on this code of conduct the Primary School classes will create a Class Charter with the children at the beginning of each academic year, this should be revisited on a regular basis to encourage exemplary behaviour

H. REWARDS

- a. We praise and reward students for good behaviour in a variety of ways:
 - i. Teachers congratulate students.
 - ii. In Secondary teachers award students house points under four categories: attainment, attitude to learning, community and co-curricular.
 - iii. In Primary teachers award house points/Class Dojo points according to the Class Dojo Policy

I. SANCTIONS

- b. The school employs several sanctions to enforce the School Code of Conduct and ensure a safe and positive learning environment. TISSEH applies the sanctions appropriately to each individual situation. The School uses sanctions to show that disruption to teaching and learning is not tolerated and also to deter students from breaking the rules repeatedly.
- c. Students whose behavior is deemed as inappropriate will be sent to the Heads of Schools and parents may be informed.
- d. The school does not tolerate bullying of any kind, if an act of bullying or intimidation has taken place, TISSEH will act immediately to stop any further occurrences of such behaviour. The School will do everything in its power to ensure that all students attend school free from fear. All incidents will be investigated and recorded; sanctions will be administered according to the severity of the misbehaviour.

J. INDIVIDUAL BEHAVIOUR PLANS

Some students, a small minority, may not respond to sanctions and for these it may be necessary to set up *Individual Behaviour Plans* which would be regularly reviewed (half-termly on average).

K. MEMBERS OF STAFF

- a. It is the responsibility of all staff to ensure that the School Code of Conduct is adhered to, and that students behave in a responsible manner.

TISSEH tries to build a supportive dialogue between the home and the School, and inform parents immediately if there are concerns about their child's welfare or behaviour.
